

Chapter 11: Insurance

Applying for Insurance:

Step 1: Choosing the right insurance company

Fill in the blanks:

When a person decides to get _____, the first thing they should consider is what exactly they want to insure. This will affect which type of insurer they contact, such as _____ insurance, _____ insurance etc.

Most insurance _____ provide different types of insurance. For example, Aviva offers car, home, _____ and _____ insurance.

A _____ who wants insurance can also contact an insurance _____. An insurance _____ sells _____ for a number of different insurance companies. They can offer _____ about which company is best suited to a person's needs.

Step 2: The Proposal Form:

1. Explain the keyword 'Proposal form'.
2. What does the form require the proposer to provide?
3. Draw out the proposal form on page 132-133 from your textbook.

Step 3: The Premium:

1. Explain the keyword 'premium'.

Step 4: The Insurance Documents:

When all details have been agreed, the insurer will send on the insurance documents to the insured person. These documents are: the insurance policy and the certificate of insurance.

Please explain the two underlined keywords above.

Placemat Activities:

Household Insurance: as you will see from your textbook, there are 4 main headings under household insurance.

1. House insurance
2. Life assurance
3. Car insurance
4. Personal insurance

Under each of the above headings, these types of insurance are then broken down into small sections as you will see in your textbook page 134-135.

I want you to create 4 placemats for each heading above- how is this done????

So put your main heading in the centre of your page and then divide your page into sections depending on how many subheadings are under your type of insurance. Then, I want you to read the sections in your book and explain each subheading in once sentence on your placemat.

See the layout of the placemat for 1. House Insurance
