

## Ordinary Level - 2017

3. The diagram shows a cross section of a tree.

- (i) Name the darker wood shown at **A** and the lighter wood shown at **B** in the diagram.
- (ii) State **two** differences between the wood at **A** and the wood at **B**.
- (iii) Draw a *neat freehand sketch* of the cross section of a tree and label any **three** other parts.
- (iv) State **one** function of **each** of the following parts of a tree:
  - (a) Trunk
  - (b) Roots
  - (c) Crown
